Dear Keith

I wanted to formally write to you in order to express my thanks for all of your efforts in helping us to deliver the University of Bolton's Institute for Medical Sciences. On Tuesday we successfully achieved practical completion and handed over the keys to a delighted customer.

This is the first development of its kind in Greater Manchester and will transform the way people are trained and employed in the healthcare sector. On a recent visit, the Department for Levelling Up, Housing & Communities called it 'exemplar'. The difference the building will make to the development of healthcare professionals is not to be underestimated.

It is important to recognise that we could not have delivered this important project without the effort, determination and support that you and your team have shown along the journey.

Once again, thank you for all your hard work along the way and I look forward to working with you again in the near future.

Yours sincerely

MIKE WALMSLEY MBE DL BSc Hons MCIQB
Senior Operations Manager
WILLMOTT DIXON CONSTRUCTION Ltd

Our purpose is to deliver brilliant buildings, transform lives, strengthen communities and enhance the environment so our world is fit for future generations.
