Dear Allan

As the year draws to a close, I want to express my heartfelt thanks for everything your business has contributed to our community over the past twelve months. Businesses are the backbone of our community not only for the local and national economy and as sources of employment but for the ways that you support and partner our community too. Your dedication and those your staff has a genuine and lasting impact, and I am deeply grateful. I am particularly impressed by the way in which you support young people into construction.

Looking ahead to the coming year, I'm keen to stay in close contact with you. If you have any special events, projects, or initiatives planned for next year, I would be very pleased to hear about them. Please do let my office know if you would like me to visit, learn more about your work, or support an upcoming activity.
